CAUTION

KEEP OUT OF REACH OF CHILDREN - MAY BE HARMFUL IF SWALLOWED - MAY CAUSE EYE IRRITATION - SKIN IRRITATION OR REDNESS MAY OCCUR WITH PROLONGED OR REPEATED CONTACT. AVOID BREATHING VAPORS OR MISTS. ALWAYS CONSULT THE MATERIAL SAFETY DATA SHEET FOR SPECIFIC INSTRUCTIONS.

GENERAL INFORMATION

The Advantage Pellet and Applicator together are a convenient system for providing Aqua-Gro® turf surfactant on a supplemental basis. Volume of water used ensures complete plant safety under any weather condition.

DIRECTIONS FOR USE

On turfgrass grown on sand-based constructed soils such as those found on golf courses and athletic fields, the Advantage Applicator fits a 1-inch hose, or may be connected to a 3/4-inch hose using the adaptor. The Advantage Pellet will dissolve in about 1 hour at water pressures of 60 to 90 p.s.i. One pellet should permit you to cover about 6-7 average sized greens, watering at a rate of 10 mins per green. Insert one Advantage Pellet in the applicator jar. The rate at which a pellet dissolves varies with water pressure, quality, flow rate and temperature. Apply Aquatrols Advantage Pellets as often as needed to relieve turf stress. Pellets may be used in conjunction with your regular turf management program.

FIRST AID MEASURES IN CASE OF CONTACT

- **EYE CONTACT:** DO NOT RUB EYES. Immediately flush eyes with large amounts of water for 15 minutes lifting the lower and upper lids. Seek medical attention if necessary.
- **SKIN CONTACT:** Remove contaminated clothing and immediately wash affected area with large amounts of water for at least 5 minutes. If irritation or redness persists, seek medical attention as needed.
- **IF SWALLOWED:** Give large amounts of water to drink. Seek medical attention if necessary. Induce vomiting only upon advice from a physician.
- **INHALATION:** Move individual to fresh air and check to assure adequate respiration. Seek medical attention if necessary.

IN CASE OF EMERGENCY OR SPILL CONTACT CHEMTREC at 800-424-9300

Applicators and other handlers should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove protective clothing and equipment after handling. Wash the outside of gloves before removing. Wash thoroughly and change into clean clothing.
