Turf REWARDS

Use the best technologies on your turf and get the best rewards for your club.

It's simple, it's rewarding, and it's all at no extra cost.

Benefit from better turf.
turfrewards.com

"Turf Rewards has allowed us to get the tools needed to begin running trials on our site. This has been critical to our decision making for future programmes to continue to raise standards across our pitches."

Tony Sinclair,
Grounds Manager,
Manchester United F.C.

POINTS

Riptide
Creeping Bentgrass

CREeping BENTGRASS
GREENS AND FAIRWAYS • NEW SEEDING AND INTERSEEDING

- RIPTIDE creeping bentgrass was bred from US and European clones screened for high shoot density, dollar spot resistance, medium green compatible color, and persistence under stress.
- RIPTIDE ranks in the top group for overall quality in BOTH NTEP Green and Fairway trials.
- RIPTIDE ranks #1 in On Course Greens quality at Pinehurst, NC.
- RIPTIDE exhibits top group performance in leaf texture, density, frost tolerance, and spring greening.
- RIPTIDE also recorded leading scores in Brown Patch and Red Thread resistance, grub damage avoidance, and is minimally affected by dollar spot infection.
