

Barenbrug Grass seed

Barenbrug Grass seed is designed for you

EXTREME

Tees, fairways, walkways, cricket squares & outfields, tennis courts, high-traffic lawns

- 100% perennial ryegrass
- Tolerance to close-mowing and high wear
- Fast establishment
- Most popular Barenbrug summer sports product

MIXTURE:

100% Perennial ryegrass

USAGE:

Overseeding, divoting and construction of medium-fine turf with intense wear. Good tolerance of close mowing regimes. Tees, fairways, cricket squares & outfields, tennis courts, high-traffic lawns

FEATURES & BENEFITS

All four Barenbrug bred cultivars bring advantages and different characteristics to this product.

Barzico is an elite variety for medium-fine turf under wear traffic. It is ranked #1 on Table S1 and within the top-25 on L1 in BSPB Turfgrass Seed 2024. It was #1 ranked in a recent Barenbrug cricket trial at Loughborough University.

Baradona offers outstanding all-round wear tolerance, shoot density, and aesthetics. With a mean score 7.4 in Tables S1 and L1 tables of BSPB Turfgrass Seed 2024, it is one of the few varieties to hold top-25 rankings in both lists.

Barsignum is an exceptional ryegrass for summer sports use. It is ranked very highly in both G4 and L1 tables of BSPB Turfgrass Seed 2024.

Baromario is another strong all-rounder with high mean scores Tables S1 and L1.

If fineness of leaf or tolerance to very close mowing are the driving factors in product selection, ULTRAFINE 100 is recommended as a possible alternative.

Specifications

 BARENBRUG

Barenbrug Grass seed

Barenbrug Grass seed is designed for you

Sowing rate	25-50g m ²
Oversowing rate	20-30g per m ²
Sowing depth (Golf)	10-15mm < thatch
Sowing depth (Cricket/Tennis)	4-8mm < thatch
Mowing height	down to 5mm/2mm

Composition

35%	Barzico	Perennial ryegrass
30%	Baromario	Perennial ryegrass
25%	Baradona	Perennial ryegrass
10%	Barsignum	Perennial ryegrass
