

Wildflowers - Clay / Heavy Soils

Perennial

- Contains 20 wildflower species
- Feature species: Meadow Cranesbill, Betony, Meadowsweet, Meadow Vetchling
- Also includes: Yarrow, Common Knapweed, Lady's Bedstraw, Oxeye Daisy, Birdsfoot Trefoil, Ragged Robin, Ribwort Plantain, Cowslip, Selfheal, Meadow Buttercup, Yellow Rattle, Hedge Bedstraw, Agrimony, Common Sorrel, Tufted Vetch, White Campion

Designed to be used on soils which are clay based, prone to waterlogging during the winter and sometimes drying out during the summer months.

- Contains 20 wildflower species
- Feature species: Meadow Cranesbill, Betony, Meadowsweet, Meadow Vetchling

Grass Accompaniment

When choosing 80:20 Grass:Wildflowers, the mixture contains a rich blend of grasses, formulated to compliment the wildflower species. The grass blend contains slow growing species which will not compete against the slower growing wildflowers. Some of the grasses included in the mixtures are quite rare, such as Meadow Foxtail and Sweet Vernal. Soil type specific mixtures also contain grass species that are indicative of that particular habitat, such as Wavy Hairgrass in the acid soils mixture and Wood Meadow Grass in the woodland edge mixture.
