

Super Seaweed 30% concentrated extract

Application Rate:

Use 10-20 litres per hectare in 700 litres of water per hectare

Mixing

Half fill the spray tank with clean water and commence agitation. Add the required quantity of Super Seaweed then if required add the recommended quantity of pesticide. Continue agitation while topping up the tank and during spraying. If foaming occurs add the required quantity of defoamer to remove foam.

Health and Safety

When using do not eat, drink or smoke. Do not take by mouth. Avoid skin and eye contact. Keep away from food, drink or animal feed stuffs. Keep locked up and out reach of children. Wash hands and exposed skin before meals and after work. Keep in original container, tightly closed in a safe place. Wash out container thoroughly and dispose of safely. In case of contact with skin or eyes rinse immediately with plenty of water and seek medical advice.

Conditions of Supply

All goods supplied by us are of the highest grade and we believe them to be suitable but, as we cannot exercise control over their storage, handling, mixing or use, or the weather conditions before, during and after application which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded, and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
