+ 2% MgO + 4% Fe + TE

A micro-granular, organo-mineral, bioactive fertiliser for fine turf

Vitax Enhance-R is a homogeneous micro-granular fertiliser, providing all essential turf nutrients, plus organic and bioactive components, to promote growth, stress resistance and root health. The turf's tolerance to (and recovery from) selective herbicides and growth regulators is maximised, resulting in a greener, robust sward.

ANALYSIS (w/w):

Nitrogen (N) -	5.0%
Ammoniacal-N -	3.0%
Ureic-N -	0.9%
Organic-N -	1.1%
Total Potassium Oxide (K ₂ O) -	10.0%
as K -	8.3%
Total Magnesium Oxide (MgO) -	2.0%
Iron (Fe) -	4.0%
Zinc (Zn) -	0.5%
Manganese (Mn) -	0.1%
Boron (B) -	0.02%
Copper (Cu) -	0.02%
Molybdenum (Mo) -	0.01%

The Enhance-R Difference:

- Amino-Sorb® creates a stress-free environment which helps turf to thrive and achieve its maximum performance. Efficacy of herbicides, growth regulators and fungicides is maximised.
- The microbial component encourages healthy, deep rooting and drought tolerance.
- Organic components deliver nutrients slowly and benefit soil biota encouraging a bioactive rhizosphere.
- The vitamins support systemic turf growth and health.
- Powerful nutrients provide all of the vital minerals needed for growth, colour and strength.
- Lower application rate from enhanced uptake and utilisation gives superb results. This gives both financial and environmental benefits.

Rates of Application:

Apply at 15g/m² to 25g/m² (150 kg/ha to 250 kg/ha)
from February to November when conditions are suitable.

Frequent application at the lower application rate is advised for maximum control of growth rate.
Higher rates of use give longer performance with reduced application frequency.

Storage Guidance:

Store in a cool, dry, well-ventilated place protected from direct sunlight and humidity.

Conditions Of Supply:

All goods supplied by us are of high quality and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing at use or of the weather conditions before during and after applications which may affect the performance of the goods, all conditions and warranties, statutory or otherwise as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling application at use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
