

Super Humic Acid

KNOW YOUR
PRESTIGE®

A specifically formulated bio-stimulant, that increases rooting and plant health. Can be used all year round but best in spring and autumn.

- 1** Application should be 10Ltr per Ha in the water volume of 500 - 600Ltr water.
- 2** Apply monthly April- September.
- 3** Can be tank mixed with a wide selection of products. Check with your Collier Turf Care Rep for details.
- 4** Apply immediately prior to overseeding to aid establishment and root development.
- 5** Clean spray tank after application with an approver cleaner such as Prestige Super Tank Cleaner.
