

Prestige Super Hose End Pellets

Specially formulated for all pressure water systems to improve performance when hand watering.

Timing

Apply at any time of the year, when required.

Application

Place one Prestige Super Hose End Pellet in the chamber of a hose end applicator. Screw chamber into position and turn on the water supply, the pellet will dissolve at a pressure of 60-90 psi.

Pack Coverage

Preventative: 1 tablet will treat approximately 3000m² at 5-10 minutes per green

Curative: 1 tablet will treat approximately 1500m² at 10-20 minutes per green

6x250g

Precautions

Wear protective gloves/protective clothing/eye protection/face protection. **If in Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **If on skin:** wash with plenty of soap and water. Keep in original container, tightly closed in a safe place.
