APPLICATION RATES:

Use 8-12ltrs of Prestige Super Blue Lake Colourant on 10,000m² (1 ha) of water surface to obtain a colouring of 1-2m depth across the lake or pond.

Empty the bottle from several locations around the waters edge. The natural movement of water will diffuse the product over the entire water surface.

Important: Do not use in streams or ponds containing water for drinking purposes.

CONDITIONS OF SUPPLY:

All goods supplied by us are of high grade and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing, use or the weather conditions before, during and after application, which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality of fitness for any purpose of our goods are excluded. No responsibility will be accepted by us or re-sellers for any failure in performance damage or injury whatsoever arising from their storage, handling, application, or use. These conditions cannot be varied by our staff or agents, whether or not they supervise or assist in the use of such goods.
