## Prestige NuGro Organic 6-2-4

A high performance, organic plant nutrient fertiliser, derived from liquidised plant proteins. Apply as a general foliar spray when required. Prestige NuGro Organic 6-2-4 Liquid can also be used as a tank mix with selective herbicides to enhance their performance and to give good colour to the sward.

### DIRECTIONS FOR USE:

Apply at the rate of 5 – 20 ltr per Ha, depending on environmental factors and desired response. Repeat applications as required.

### WATER RATES:

200 - 600 litres per ha.

Prestige NuGro Organic 6-2-4 Liquid may be applied using standard sprayer equipment.

### MIXING:

Half fill the spray tank with water, add the Prestige NuGro Organic 6-2-4 Liquid and top up with water.

### CONDITIONS OF SUPPLY

All goods supplied by us are of high grade and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing, use or the weather conditions before, during and after application, which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality of fitness for any purpose of our goods are excluded. No responsibility will be accepted by us or re-sellers for any failure in performance damage or injury whatsoever arising from their storage, handling, application, or use. These conditions cannot be varied by our staff or agents, whether or not they supervise or assist in the use of such goods.

### APPLICATION GUIDELINES:

For best results, apply Prestige NuGro Organic 6-2-4 Liquid as part of a managed application programme. In normal situations commence application in early spring (mid-March) and repeat approximately monthly through the growing season.

### HEALTH AND SAFETY:

This product is not classified as hazardous according to GB CLP Regulation.
