

A seaweed extract plus iron helps to prevent leaf yellowing and gives an excellent green colour

- 1** Application should be 20 ltr per Ha in 700 ltr water.
- 2** Store between 3°C – 30°C and use within 24 months.
- 3** Additional spray dye may be required when using seaweeds as they can hide the colour
- 4** Clean spray tank after application with an approver cleaner such as Prestige Super Tank Cleaner.
