Ericaceous  
Feed

A concentrated feed to help  
acid loving plants thrive

By appointment to  
Her Majesty the Queen  
Manufacturers of Fertilisers  
and Insecticides  
Vitax Limited

Ideal for  
Rhododendrons,  
Azaleas & Camellias

Concentrated - makes  
300 Litres of feed

Boosts leaf colour and  
promotes flowering

1 Litre

Vitax Liquid Ericaceous Feed is a concentrated feed with chelated iron and manganese to encourage strong, healthy growth and promote flowering of acid loving plants including azalea, camellia and rhododendron.

### INSTRUCTIONS FOR USE

Apply at weekly intervals during the spring and summer to moistened soil around the base of plants or as a foliar spray in the early evening or during dull days.

### APPLICATION

#### Using watering can and rose:

1 capful = 20 ml. Mix 1 capful in 6 litres of water and apply to the base of the plant to thoroughly soak the roots. Apply the feed every two weeks from March to September.

#### As a foliar spray

Mix 1 capful in 6 litres and spray on a dull day or in the evenings. Do not spray directly onto flowers. Repeat at weekly intervals.

### ANALYSIS

Compound Fluid Fertiliser 4:2:6 with trace elements		Low nutrient NPK Fertiliser Solution 4: 0.9: 5 with trace elements	
Total Nitrogen (N)	4%	Total Nitrogen (N)	4.0%
Phosphorus Pentoxide (P <sub>2</sub> O <sub>5</sub> ) soluble in water	2% (0.9% P)	Phosphorus (P) soluble in water	0.9%
Potassium Oxide (K <sub>2</sub> O) soluble in water	2% (0.9% P)	soluble in mineral acids only	0.9%
		Potassium (K) soluble in water	5.0%
		Iron (Fe) chelated with DTPA	0.02%
		Manganese (Mn) chelated with EDTA	0.01%
		<b>IRL</b>	

Protect from frost. Shake well before use  
Store away from direct sunlight between 0 and 30°C
