**DANGER**

#### **RATES OF USE:**

Prestige Super Take All Resistor is a preventative, curative and recovery agent for Take All Patch, providing relief from summer stress. Prestige Super Take All Resistor can be applied at monthly intervals in a preventative and recovery programme, or in extreme circumstances every 14 days at 10 litres per ha.

#### **APPLICATION GUIDELINES:**

For best results, apply Prestige Super Take All Resistor as part of a managed application programme. In normal situations commence application in early spring (mid-March) and repeat approximately monthly through the growing season.

| Application  | Prestige Super Take All Resistor | Water Volume | Area Treated | Comments                                          |
|--------------|----------------------------------|--------------|--------------|---------------------------------------------------|
| Preventative | 5-10ltrs                         | 500ltrs      | 1 Ha         | Monthly                                           |
| Recovery     | 5-10ltrs                         | 500ltrs      | 1 Ha         | Monthly or in extreme circumstances every 14 days |

**Prestige Super Take All Resistor may be applied using standard sprayer equipment.**

#### **MIXING:**

Add required quantity of Prestige Super Take All Resistor whilst filling the sprayer or watering can and mix before application.

#### **PRECAUTIONS STATEMENT:**

**Harmful to aquatic life with long lasting effects. Causes serious eye damage. May cause an allergic skin reaction. May cause damage to organs through prolonged or repeated exposure.**

Wear protective gloves/face protection /protective clothing/respiratory protection/protective footwear. **IF ON SKIN:** Wash with plenty of soap and water. **IF IN EYES:** Rinse cautiously with water for several minutes.
