

Prestige Super Soil Acidifier + NWA

5-0-0 + 4% Fe + Natural Wetting Agent
Nitrogen source Urea

Rates of Use: Apply in Autumn at first rainfall, repeat monthly as required.

Use	Prestige Super Soil Acidifier + NWA	Water Volume	Area Treated	Frequency
Initial Application	40 litres	700 litres	Ha	Repeat monthly as required.
Subsequent applications	40 litres	700 litres	Ha	Repeat monthly as required. Maintain the rate of 40lts per ha on main problem areas or on saturated ground
Subsequent applications	20 litres	700 litres	Ha	Repeat monthly as required. Lower the rate to 20lts per ha where application frequency is increased or lower desired effect required.

Mixing: Add required quantity of Prestige Super Soil Acidifier + NWA whilst filling spray or watering can and mix before application.

Application Guidelines

Apply Prestige Super Soil Acidifier at the single dose rate detailed above, when there is adequate soil moisture. For best results commence a programmed application every month or as required, ensuring product is fixed in the upper soil structure providing optimum effects before breaking down to products naturally absorbed by the plant.

Health and Safety

Causes severe skin burns and eye damage.
