

Prestige Super Fairway Liquid + WA

Conserves water that is lost through surface evaporation while optimizing water performance from irrigation or rainfall.
Speciality blend selected to give up to four weeks of control.
Prevents build up of hot spots.
Compatible in a tank mix with other Prestige products like Prestige Super Fairway Iron and Irrigation systems.
Low water volume for large areas.
Contains cold extracted seaweed for drought tolerance and water retention.
Keeps grass greener and healthier for longer

Application Rate: 20 Litres per Ha in 400 Litres of water

Directions for Use:

It can be applied all year round, but predominately designed for Spring until late Autumn.
Cut grass before application.
Prestige Super Fairway Liquid +WA does not require watering in, but can be used before irrigation or rainfall to conserve water that is lost through surface evaporation or run off. Repeat every 4 weeks or as necessary.

Precautionary Statements:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
