

Greenmaster[®] Liquid

CalMag

(9-0-0+ 13CaO + 3MgO)

NEW Greenmaster Liquid fertilizer formulation designed to supplement Calcium and Magnesium levels for immediate turf colour, quality and plant health responses.

AICL

Greenmaster[®] Liquid CalMag

(9-0-0+ 13CaO + 3MgO)

Greenmaster Liquid CalMag has been developed to boost turf health where Calcium and Magnesium are required.

The formulation is extremely tank-mix compatible and produces excellent turf colour and quality responses.

Key Points

- Boosts turf colour and quality
- Supplements Calcium and Magnesium levels
- Especially useful on sand based constructions
- Highly compatible tank-mix partner
