

Super Humic Acid

Application Guidelines

Super Humic Acid can be used at any time of the year, but is particularly effective during the spring to autumn period. Apply Monthly from April through to September for best results. Use alongside current turf maintenance programme. Can also be used when over-seeding to aid germination and establishment.

Area Of Use	Super Humic Acid	Water Volume	Area
Golf Greens and Tees	500mls	Min 25L	500m2
Golf Fairways Sports fields	10L	Min 500L	1 Ha

Precautions

Keep locked up and out of the reach of children.

Avoid contact with skin and eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Wear suitable gloves and eye/face protection.

CONDITIONS OF SUPPLY

All goods supplied by us are of high grade and we believe them to be suitable but as we cannot exercise control over their storage, handling, mixing or use or the weather conditions before, during and after application, which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality of fitness for any purpose of our goods are excluded, and no responsibility will be accepted by us or re-sellers for any failure in performance damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
