

## NK Autumn Winter 5-0-12 + 5% IRON

APPLICATION	5-0-12 + 5 % IRON	WATER VOLUME	AREA
FOR GENERAL USE GIVING RAPID GREENING AND GOOD LONGEVITY	1 Ltr	35 Ltrs	500m <sup>2</sup>
	20 Ltrs	700 Ltrs	1 HECTARE
FOR MAXIMUM GREENING / LONGEVITY	2 Ltrs 40 Ltrs	35 Ltrs 700 Ltrs	500m <sup>2</sup> 1 HECTARE

### Application Guidelines

5-0-12 + 5% Iron may be used at any time of the year providing the turf surface is dry and rainfall is not imminent. Do not apply in frosty conditions. 5-0-12 + 5% Iron is especially effective during the winter months. For best results cut grass before application. Repeat applications may be made as often as necessary to maintain the desired effect (on average every six weeks).

### Mixing

Half fill the sprayer tank or watering can with clean water. Add the required amount of 5-0-12 + 5% Iron and mix thoroughly whilst adding the remainder of the water.

### Conditions of Supply

All goods supplied by us are of the highest grade and we believe them to be suitable but, as we cannot exercise control over their storage, handling, mixing or use or the weather conditions before, during and after application which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or our re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. Our staff or agents cannot vary these conditions whether or not they supervise or assist in the use of such goods.

### Precautions

Irritating to eyes and skin

**IRRITANT**
