

Product Information

H₂Pro[®]

Conserve Granule

Product description

Everris H₂Pro Conserve Granule is a wetting and water conservation agent for use in treating dry patch (localized dry spot) and reducing the irrigation requirement of soils. The product has both a preventative and curative effect on dry patch by reducing the number of wet/dry cycles in the soil preventing the hardening of water repellent deposits.

Product advantages

1. Significantly reduces irrigation requirements.
2. Unique curative and preventative action against Dry Patch (localized Dry Spot).
3. Effective through the rootzone and not just at the surface.
4. Excellent spreading and penetration characteristics.
5. Flexible application programmes and flexible water rates.

Technology

Performance*

Granule dispersal: 4 days
 Turf response: 7 days
 Longevity: 2 months
 * depending on environmental factors

Product characteristics

Bag size: 10kg
 Application rate: 20g/m²
 Bag coverage: 500m²
 Granule size: 0.6-1.3mm
 Granule count: 1,100-1,600 granules/gram
 Item code: 030801110AA

Itemcode 030801110AA

Directions for use

- Best performance achieved when applied in a programmed approach.
- Works most effectively when the initial application is applied before the growing season with further applications as per the selected application program.
- Can also be used curatively to relieve plant stress due to hydrophobic soil conditions at any time of the year.
- Apply granules using Everris pedestrian spreaders.
- Watering-in after application will aid penetration of wetting agent into the soil and improve efficacy.
- Penetration of the wetting agent can be further enhanced if applied following aeration programmes such as hollow tining, slitting and/or scarification.

Storage

Keep away from heat and sources of ignition. Keep away from food, drink and animal feeding stuffs. For quality reasons: Keep out of reach of direct sunlight, store under dry conditions, partly used bags should be closed well. Keep at temperatures between 0°C and 40°C.

Health and safety

A Material Safety Data Sheet is available on request.
