Original proven organic vegetable base PLUS Seaweed and Magnesium. Uniform micro granules through advanced granulation technology.

APPLICATION RATES

Apply at 12 week intervals as required:-

30 gms/m² - covers 833m² - 12 bags per Hectare

35 gms/m² - covers 714m² - 14 bags per Hectare

APPLICATION PERIOD

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
[Redacted Application Period Data]											

APPLICATION ADVICE

For optimum results apply after cutting to allow maximum time for the granules to activate before the next cut.

Water in during dry, hot periods to assist granule breakdown.

Do not apply in frosty conditions.
